- **Double Down Restrictions:** Some tables limit doubling down to difficult totals of 10 and 11 only, while others enable doubling on any two cards. The latter is constantly better for the player.
- **Dividing Rules:** Look for tables that allow gamers to divide pairs up to 3 or 4 times (leading to multiple hands) and those that allow doubling down after splitting (DAS).

- **Surrender Option:** Late surrender enables a player to forfeit half their bet if they dislike their preliminary two-card hand against the dealer's strong upcard. While unusual, it is a valuable rule for reducing losses.
