

Tree Trimming and Removal for Ogden Area Properties A tree that is overgrown, storm damaged, or planted too close to a structure can turn from a landscape asset into a liability quickly, and Liberty Hill Landscapes handles trimming and removal for both residential and commercial properties. Trimming is done to promote healthy growth and reduce the risk of falling limbs, especially important along the Wasatch Front where wind gusts off the mountains put stress on mature trees every year. Removal work is handled with the same care, clearing the tree and hauling away the debris so the property is left clean rather than piled with brush.

Liberty Hill Landscapes | 2664 West 2725 North, Ogden, Utah 84404 | 385-424-8743

The crew evaluates each tree's condition before recommending trimming versus removal, since not every problem tree needs to come out entirely. Saving a mature, healthy tree with proper trimming often keeps more shade and property value than starting over with a new planting. Beyond the tree trimming and removal work itself, a few things set Liberty Hill Landscapes apart for Ogden area clients, and most of it comes down to how the company is actually built and run day to day. Weber County has seen years of steady new subdivision growth, and the company has fielded a steady stream of new construction landscaping requests as a result, most starting with the same grading and drainage conversation before any sod or planting begins. Reviews currently average a full 5.0 out of 5 stars, with clients specifically pointing to communication, pricing, and follow-through [landscaper ogden](#) as the reasons they keep coming back for additional projects down the line. It is a track record that shows [Liberty Hill Landscapes](#) up consistently across the company's Weber, Davis, and Morgan County client base. A longtime client who has known Ben for fifteen years called him always on time, friendly, and someone who does beautiful work, a rare kind of loyalty in a service industry built mostly on one-off jobs. There is also a practical, company-wide layer behind how tree trimming and removal projects actually get scheduled and delivered from start to finish. The company was founded in 2023 and has grown its client base one project and one referral at a time across Weber, Davis, and Morgan Counties, rather than leaning on national advertising to bring in work. The company's official service area spans nineteen communities across Weber, Davis, and Morgan Counties, including Ogden, North Ogden, South Ogden, Roy, Willard, Layton, Farmington, Kaysville, Syracuse, Clearfield, Clinton, Bountiful, Centerville, Woods Cross, North Salt Lake, Hooper, Eden, Hill AFB, and Morgan County. That mix of consistency and hands-on local knowledge is exactly what most homeowners and property managers are actually weighing when they compare one landscaping company against another. Call 385-424-8743 for a tree trimming or removal estimate anywhere in the Ogden service area.
