What is Avia Masters?

Avia Masters is an arcade-style online casino game that falls under the popular "crash game" classification. Unlike standard slots where the result is determined purely by fixed signs on paylines, crash video games revolve around a dynamic multiplier curve.

In Avia Masters, gamers position a wager and watch a little airplane remove. As the airplane climbs up greater into the stratosphere, a multiplier coefficient begins to increase from 1.00 x upwards. The main goal is deceptively basic: **money out before the plane crashes or flies away**.

If a gamer successfully cashes out before the crash event, they win their preliminary stake increased by the current coefficient. If the **Click here to find out more** aircraft crashes before they struck the cash-out button, the stake is lost.

Core Game Mechanics: How It Works

Understanding the underlying mechanics of Avia Masters is necessary for anybody wanting to engage with the game. While the idea is straightforward, numerous functions specify the gameplay loop:

- **The Multiplier Curve:** Driven by a licensed Random Number Generator (RNG), the multiplier begins at 1x and can in theory climb up to high worths, though it can also "crash" practically immediately.
- **Handbook vs. Auto Cash-Out:** Players can select to by hand click the cash-out button at their preferred minute, or they can set a vehicle cash-out threshold. For instance, setting it to 2.00 x suggests the system will instantly collect profits if the aircraft reaches that multiplier.
- **Dual Betting Panels:** Many variations of Avia Masters enable players to put 2 separate bets simultaneously on the exact same round. This opens tactical possibilities, such as squandering one bet early to secure profit while letting the 2nd bet ride for a greater multiplier.
