

Planning to start trading on Bitget and looking for a referral offer? The **Bitget Referral Code "SAVE40"** can be used by eligible new users during registration to access available promotional benefits. Depending on the active campaign, users may receive trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

What Is the Bitget Referral Code SAVE40?

SAVE40 is a referral code that eligible new users can enter when creating a Bitget account. Applying the code may connect the account to promotional benefits offered through the Bitget referral program.

The exact benefits associated with the referral code may vary according to the current campaign, account eligibility, location, and other conditions. Users should review the latest promotion before completing registration.

Bitget Referral Code SAVE40 Benefits

Eligible users who apply the **SAVE40 referral code** may gain access to promotional benefits available under the applicable Bitget campaign. Depending on the current offer, these benefits may include:

- Potential savings on eligible trading fees.
- Access to applicable new-user promotions.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits connected with eligible new accounts.
- Simple application during the registration process.

How to Use Bitget Referral Code SAVE40

New users can generally apply the **Bitget App Referral Code "SAVE40"** during account registration. Follow these steps:

1. Open the Bitget website or mobile application.
2. Select the option to create a new account.
3. Enter the required registration details.
4. Enter **SAVE40** in the referral or invitation code field.

5. Complete any required account verification.
6. Review the promotional offer available to your account.
7. Complete qualifying activities if required to unlock rewards.

Make sure the referral code is entered correctly before completing registration if the applicable promotion requires it to be applied during signup.

Save on Bitget Trading Fees

Trading fees are an important consideration for cryptocurrency traders because frequent transactions can increase overall costs. The **Bitget Referral Code SAVE40** may provide eligible new users with promotional fee savings under the applicable referral campaign.

The exact discount and eligible trading products can vary depending on the current offer and account conditions. Check the latest Bitget fee information before making trades.

Get Up to 6,200 USDT in Rewards

The Bitget referral promotion may give eligible new users an opportunity to qualify for rewards of up to **6,200 USDT**. The maximum reward depends on the active campaign and the completion of its qualifying requirements.

Users may need to complete specific activities, such as qualifying deposits, trading volume requirements, or promotional tasks. The maximum reward is not automatically guaranteed to every participant.

Who Can Use the SAVE40 Referral Code?

The **SAVE40 Bitget Referral Code** is intended for users who meet the eligibility requirements of the applicable referral campaign. New users should check the current campaign rules before opening an account.

Existing Bitget users may not qualify for new-user referral rewards. Eligibility may also vary based on location, account status, and campaign availability.

Why Use a Bitget Referral Code?

Applying a referral code during registration gives eligible new users an opportunity to access promotional benefits from the beginning. Potential trading fee savings may be useful for users who plan to trade regularly.

Referral campaigns may also provide additional reward opportunities when users complete the activities specified by the current promotion.

Important Things to Know

Bitget referral promotions are subject to terms and conditions. Trading fee discounts, reward amounts, qualifying activities, eligibility rules, and campaign periods can change. The advertised maximum reward of **6,200 USDT** should therefore be considered a potential maximum rather than a guaranteed payout.

Cryptocurrency trading involves financial risk, and digital asset prices can fluctuate significantly. Users should understand the risks involved and review the applicable Bitget terms before depositing funds or trading.

Final Thoughts

Bitget

The **Bitget Referral Code "SAVE40"** can be a useful option for eligible new users who want to explore Bitget's available referral benefits. Depending on the active campaign, users may access trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to join Bitget, enter **SAVE40** during registration when the referral field is available. After signup, review the current promotion carefully and complete any qualifying activities required to access the benefits available to your account.
