Doing the test takes about five minutes and needs nothing but a browser. Here is how it works.

1. Open the test in your browser.
2. Read each of the 100 statements.
3. Check each experience you have had.
4. Finish to get your result.

Your score is 100 minus the number of ticked boxes. A good site counts it for purity test you and shows what the number means.

Tips

- Answer honestly; your answers stay on your screen.
- Go with your first reaction.
- Pick a site that does not ask you to sign up.

Remember, the number is just for fun.
