Aviator allows gamers to position two bets all at once in a single round.

- **The Aggressive Approach:** Place 2 equivalent bets, cashing out the first one at a moderate multiplier to secure profit, and leaving the second one to ride for a massive payout.

2. The Martingale Strategy (Proceed with Caution)

Originating from live roulette, this method involves doubling your bet after every loss so that when you ultimately win, you recuperate all previous losses plus a revenue equivalent to your original stake.
