The Top Slot Feature

Before every single spin of the main wheel, a small two-reel slot device located above the primary wheel spins at the same time.

- **How it Works:** The left reel shows one of the wagering alternatives (numbers or reward video games), while the best reel displays a multiplier (varying from 2x approximately 50x).
- **The Result:** If the symbol on the left reel matches the outcome of the main wheel spin, the multiplier is used to that win. If it indicates a bonus video game, the multiplier uses to all multipliers inside that specific bonus round.

Diving Into the Four Crazy Time Bonus Rounds

The true magic of the video game takes place when the wheel arrive at among the four perk sections. Players who have put a bet on that specific benefit round are transported to a secondary video game screen, where huge multipliers wait for.

1. Coin Flip

The simplest of the 4 reward rounds. A coin with a red side and a blue side is turned by a machine. Before the flip, random multipliers are designated to both sides of the coin. Whichever side lands face up figures out the gamer's payment.

- **Bonus function:** If multipliers are low, a "Rescue Flip" can often be set off, giving players another chance at higher benefits.

2. Money Hunt

Gamers are provided with an enormous interactive screen showing a shooting gallery with 108 random multipliers hidden behind different signs (like a cactus, target, or constable's badge).

- **The Gameplay:** Players utilize a virtual cannon to intend and contend one symbol before a countdown timer ends. When the timer ends, all signs reveal their covert multipliers, and the gamer is awarded the multiplier they hit.

3. Pachinko

Inspired by the standard Japanese arcade game, Pachinko includes a large wall filled with physical pegs.

- **The Gameplay:** The live host drops a puck from the top of the wall. As the puck cascades downward, it bounces arbitrarily off the pegs before landing in among several multiplier zones at the bottom. If the puck arrive on a "DOUBLE" zone, all multipliers on the board double, and the puck is dropped again.

4. Crazy Time

The supreme reward round. Gamers walk *crazy time slot* through a red door into a surreal, virtual world featuring a huge, 64-segment mega wheel.

- **The Gameplay:** The gamer (or the host, depending upon the game version) selects among 3 flappers (Green, Blue, or Yellow). The wheel is spun, and whatever multiplier the selected flapper indicate is awarded. Like Pachinko, this wheel likewise features "DOUBLE" and "TRIPLE" sections, allowing fortunate gamers to trigger huge wins approximately the game's cap of 20,000 x.

Tips and Strategies for Playing Crazy Time

While Crazy Time is essentially a video game of chance dictated by a Random Number Generator (RNG) and physical physics, players often employ various strategies to manage their bankroll and take full advantage of entertainment.

- **The Conservative Approach (Number Betting):**
 - Focus mainly on betting numbers 1 and 2, which make up a large portion of the wheel. This technique yields regular, smaller sized wins, keeping the bankroll stable and extending playtime.
- **The Balanced Approach (Covering Bonuses):**
 - Spread small bets across all 4 perk rounds while periodically backing number 10. This makes sure eligibility for the high-paying benefit video games without draining pipes funds too rapidly.
- **The High-Volatility Approach (Bonus Hunting):**
 - Place bets specifically on the perk rounds (Cash Hunt, Pachinko, Crazy Time, Coin Flip). This style needs patience and a bigger bankroll, as dry spells can happen, however it provides direct access to the video game's greatest potential payments.

Finest Practices for Responsible Gaming

1. **Set a Budget:** Decide on a repaired quantity to invest before starting the video game and never ever chase losses.
2. **Comprehend the RTP:** Keep in mind that perk bets generally have a slightly lower RTP than easy number bets, suggesting they are greater risk, greater reward.
3. **Delight in the Show:** Treat the betting expense as the price of admission to an interactive video game show. The primary goal must constantly be entertainment.
