For those curious about why this virtual plane has captured the hearts of Kenyan punters, this detailed guide explores how the game works, methods players use, and how to enjoy it responsibly.

What is the Aviator Game?

Developed by Spribe, Aviator is a social multiplayer game coming from the "crash game" category. Unlike conventional slot makers with spinning reels or table games with complicated rules, Aviator is built around an increasing curve that can crash at any time.

The facility is simple:

1. **A plane removes**, and with it, a multiplier coefficient begins to increase.
2. **Gamers position a couple of bets** before the round starts.
3. **The goal is to squander** before the lucky airplane flies away (crashes).
4. If a gamer squanders in time, they win their stake increased by the present coefficient. If the plane flies away before they squander, the bet is lost.

This mix of timing, psychology, and threat management has actually made it a staple across almost every significant wagering website in Kenya.
