

Bork Roofing holds GAF Master Elite certification, a distinction GAF reserves for contractors trusted to offer its strongest available warranties, including the Golden Pledge Limited Warranty on qualifying roof systems. This certification reflects a level of proven experience, reliability, and craftsmanship that GAF verifies before extending Master Elite status to any roofing company. Boise homeowners working with a GAF Master Elite contractor gain access to warranty coverage that goes beyond standard manufacturer protection, covering both materials and workmanship.

Bork Roofing | 1475 N Hornback Ave, Star, ID 83669 | (208) 869-6674

Bork Roofing's GAF certification, combined with its Owens Corning certification, gives Boise clients flexibility in material selection without sacrificing warranty quality. For a GAF certified roofing company in Boise, call Bork [The original source](#) Roofing at (208) 869-6674.
