What is a CS: GO Case Battle?

A case battle is a multiplayer game mode hosted on third-party CS2 skin gambling and trading websites. Unlike opening cases alone in the video game customer, a case battle allows multiple gamers (usually between two and 4) to open the specific same set of cases simultaneously.

The rules are basic:

1. **Buy-in:** All individuals contribute a set amount of cases, moneyed by their website balance.
2. **The Drop:** The system opens the cases for all players round by round. Every product dropped is offered a real-world monetary worth based upon Steam Market or third-party prices.
3. **The Winner:** At the end of the battle, the overall worth of all skin drops for each gamer is determined. The player with the greatest total value wins **all** the products dropped in the match, consisting of those of their opponents.

If you are lucky, you can win double, triple, and even ten times your initial buy-in. If you lose, you lose the expense of the cases.
