What is Big Bass Crash?

At its core, *Big Bass Crash* is a multiplayer, social-style wagering game constructed on a "burst" or "crash" mechanic. Unlike traditional slots where gamers spin reels and wait on paylines, crash video games are everything about timing.

In this version, rather [Bitz Crash](#) of a rocket or a jet taking off into the stratosphere, players see a dependable angler cast his net deep into the water. As the net sinks, a multiplier begins to tick upward, beginning at 1.00 x. The objective is easy: squander before the net gets snagged, breaks, or the catch swims away. If gamers squander in time, they win their stake multiplied by the present value. If the game "crashes" before they cash out, the bet is lost.
