The real magic of Crazy Time depends on its four perk rounds. While players can win good payouts on the base video game numbers, the reward rounds offer immersive gameplay and the chance to land massive multipliers.

1. Coin Flip

The easiest of the 4 bonus offer rounds. The host approaches a digital flipper with a coin that has a Red side and a Blue side.

- Before the flip, random multipliers are appointed to both sides of the coin.
- The host flips the coin, and whichever side lands face up determines the player's multiplier prize.

2. Cash Hunt

This perk round shifts gamers to a massive screen including a shooting gallery filled with 108 random multipliers.

- The multipliers are hidden behind different signs (such as a cactus, target, or constable's badge).
- Players utilize an on-screen cannon to take aim and shoot at their selected symbol before the timer runs out.
- When time expires, all cannons fire, revealing the concealed multipliers for each gamer.

3. Pachinko

Inspired by the standard Japanese arcade video game, Pachinko includes a big wall filled with **crazy time demo casino** physical pegs.

- The host drops a puck from the top of the wall.
- The puck bounces arbitrarily down through the pegs before landing in one of the slots at the bottom, each containing a multiplier.

- If the puck lands in a **"DOUBLE"** slot, all multipliers on the board double, and the puck is dropped once again till a multiplier is won (approximately a massive cap).

4. Crazy Time

The crown gem of the game. When triggered, the host opens a red door resulting in a surreal, colorful virtual world featuring an enormous 64-segment wheel.

- Players choose one of 3 flippers: **Green, Blue, or Yellow**.
- The host spins the huge wheel.
- When the wheel stops, the sector shown by the player's selected flipper awards the prize.
- Much like Pachinko, landing on **"DOUBLE"** or **"TRIPLE"** increases all multipliers on the wheel, permitting re-spins approximately a shocking 20,000 x or 25,000 x maximum win limit.
